## VCTRY iPad Pro stand

Meet Justfit VCTRY iPad Pro, the herald of the future. The robust and monolithic design combined with the matt-chrome colours give it a remarkable and unforgettable appearance.

Justfit VCTRY works with an 12,9" inch iPad Pro\*. The impressive screen size makes the control of the training even more convenient for the trainer.

The Justfit VCTRY is more than just an object: it literally feels you. The integrated proximity sensor detects your presence and activates the system automatically.

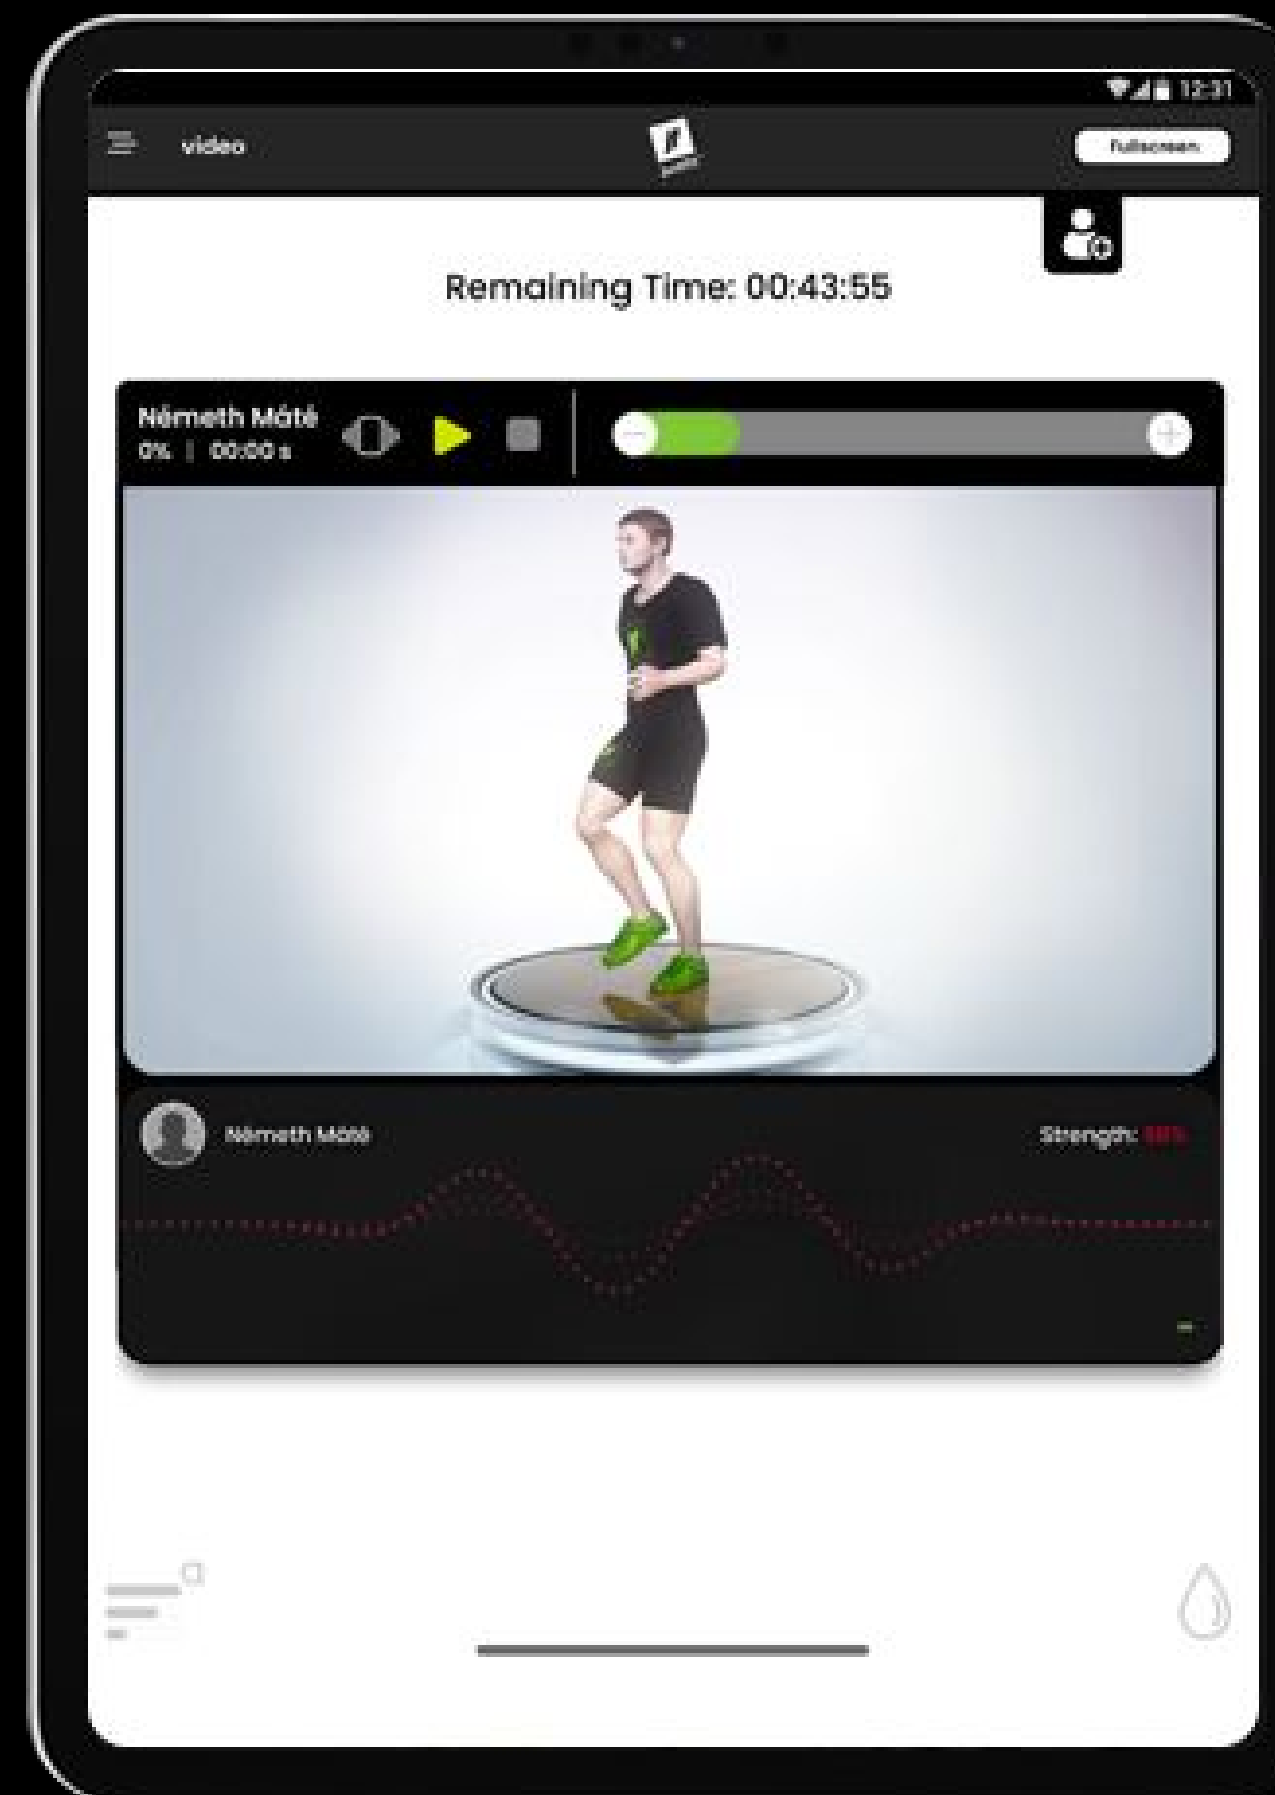

The RGB lead stripe can be controlled from your smartphone to match the colour scheme and ambiance of your studio.

**Justfit Freestyle VCTRY**

## **TABLET SOFTWARE**

Justfit Freestyle VCTRY works with an 12,9" inch iPad Pro. The impressive screen size makes the control of the training even more convenient for the trainer.

The iOS 14 iPad Pro compatible tablet software underwent complete redesign based on customer feedback. As a result of the new approach, the user interface is clean and handy.

**Compile favourite built-in exercises into exercise packages**

**Heart rate monitor\***

**Bioimpedance meter\***

**Toplist feature**

**Calendar- and booking system**

**Integrated Aura FlexiPay payment system**

**Freestyle mode - cardio group training for up to 30 people**

**Enjoy extra safety due to preconfigured EMS settings**

**Calories burnt monitor\***

**Ohmmeter**

**Two-way workout counting mode**

**Energy saving screen mode**

**Abundant power\***

## The click-on Professional SUIT

The Click-on Professional Technology Suits have 11 pairs of electrodes out of which 8 pairs you will find inside the suit. We also have two pairs of bands, the calf bands one of which are equipped with 1 magnetic connection each, while the arm bands have 2 magnetic studs each.

The unisex EMS suit is made of ultra-lightweight yet durable fabric that can be exposed to extreme studio use. The click-on magnetic studs make the placement of the electrodes easy and assure stable connection.

Easy to maintain

Ultra-light

Adjustable size

Unisex

7,000+ pcs sold

14 mm

250 g (8,8 oz)

*The smallest and lightest EMS control unit.*

## Justfit control unit: **THE BRAIN**

14 mm

250 gr

The brain of the Justfit EMS system is the control unit. It is small, handy and lightweight, perfectly suiting the mobile trainer concept. The role of the brain is to create a network which enables the trainer to conduct training sessions anywhere they wish without any heavy equipment. Simply connect to the brain with the tablet software and your system is ready to use. Approximately 10-15 training sessions can be conducted with one charge.

## The New Gen Hybrid SUIT

**Justfit Freestyle VCTRY is  
compatible with new new generation  
of Justfit Hybrid suits as well.**

- Inspired by the future
- No more limits
- Can be watered from the outside
- Flexible and slim-fit
- In perfect harmony with your body
- Four different styles.

**Easy to maintain**
